80s è una collezione di rivestimenti ceramici che prende spunto dalla corrente postmoderna, rivisitandone le caratteristiche stilistiche per arrivare a proporre grafismi e texture per gli ambienti contemporanei domestici, contract e pubblici. Linee, punti e geometrie regolari e irregolari vanno a generare quindici motivi dalla forte caratteristica grafica e decorativa, proposti in due famiglie colore e sei tonalità che possono essere mixati per produrre grandi disegni, oppure che possono essere proposti singolarmente “in purezza” per una posa più tradizionale.

80s is a collection of ceramic wall that takes its inspiration from the post-modern current, reassessing its stylistic features to finally propose graphic signs and textures for contemporary domestic spaces, contracts and commercial areas as well. Lines, points, geometries, regular and irregular, create 15 patterns, with a strong graphic and decorative feeling, proposed in 2 different color families and in 6 tonalities that can be mixed to obtain big designs, or that can be solely proposed as singles to get a more traditional installation.
